

# Step Actuator

for **Kwikkee / Lippert** RV steps

A direct bolt on replacement for the original Kwikkee and Lippert motorized steps

Impact shock is the leading cause of failure in the original step actuator.

The WEXCO replacement actuator eliminates impact shock. Our motor features proprietary internal free floating rubber shock absorbing pucks that deliver smooth and evenly distributed torque cushioning when extending and retracting the step.

## Lippert (Kwikkee) motor/gearbox application guide

WEXCO P/N	Lippert P/N	OE cross reference	Description	Used on step models
MT6125700A	366043 676062	110-1037	Step actuator motor/gearbox assembly "A" (curved link)	22, 23, 30, 32, 33, 34, 35, 36, 38, 40
